Foreign Finch

Foreign Finch is a high grade mixture that caters for all varieties of tropical finches. The panicum millet based formulation ensures there are plenty of nutritious seeds available to aid successful breeding of strong, healthy young. Foreign Finch is packed with protein and other essential nutrients, along with nigerseed for quality skin and plumage. For extra vitamins and minerals, particularly during breeding, birds will benefit from the addition of small amounts of Bamfords Cage Bird Conditioner.

- **Premium grade mix**
- **Caters for all Tropical Finches**
- **Aids successful breeding**
- **Quality skin & plumage**

Composition: Panicum Millet, White Millet, Canaryseed, Red Millet, Niger, Japanese Millet.

Feeding Instructions: Feed daily in small amounts as required. Ensure fresh clean water is always available. Provide a good quality grit for extra minerals and to aid digestion. Fresh fruit and greens, Millet Sprays, Cuttlefish and treats will all usefully add nutritional variety, and provide a positive everyday stimulus for enclosed birds. An egg food supplement, especially during the Breeding and Moulting season is also beneficial.

Available In: 1.5kg, 3kg & 20kg Bags.
