18% Rabbit Pellets + ACS

18% Rabbit Pellets + ACS are a high protein Rabbit Pellet that also contain an anti-coccidiostat for extra health benefits. These pellets are ideal for feeding to breeding stock and their young, due to the high protein content. Our 18% Rabbit Pellets are packed with essential vitamins and minerals to provide a complete, balanced diet, and prevent selective feeding, common when feeding a muesli. The pellets support digestive health and the gnawing chewing action helps dental health too.

- High Protein pellets
- High fibre
- Contains ACS
- Prevent selective feeding
- Nutritious Pellet
- Healthy Digestion
- Supports dental health
- Suitable for breeding stock & young

Composition: Wheatfeed, Ext Sunflower, Barley, Soya Hulls, Rice Germ, Hi-Rpo Soya, Beet Pulp, Ext. Rapeseed Meal, Lucerne Meal, Mono Di-Cal Phosphate.

Additives (per kg): Vitamins: Vitamin A 10,000iu, Vitamin D3 2000iu, Vitamin E 30iu. Trace Elements Ferrous sulphate, E1 Iron 81mg, E2 Iodine 3.1mg, E3 Cobalt 10mg, E4 Copper 40mg, E5 Manganese 81mg, E6 Zinc 83mg, E8 Selenium 0.4mg. Liquid Methionine 0.1kg/t. Specified Feed Additives: Coccidiostats 51758 Cycostat 66G. Antioxidants.

Analytical Constituents: Crude Protein 18%, Crude Fats & Oils 4%, Crude Fibres 13%, Crude Ash 6.5%, Calcium 0.79%, Phosphorus 0.68%, Sodium 0.1%.

Feeding Instructions: Feed twice daily, topping up as required, remember overfeeding can cause obesity. A complete diet should include fresh forage, along with fresh fruit and veg to give your rabbit the best diet. Fresh clean water must always be available. If changing your rabbit's diet, introduce the new feed slowly.

Available In: 25kg Bag.
